KAKANURU SIVA PRASAD REDDY

Generative AI & ML Engineer Candidate — Python, RAG Systems, Computer Vision & Cloud

Proddatur, AP, India | +91-91823 02896 | kakanuruprasadreddy05@gmail.com | github.com/Sivareddy317 | LinkedIn

SUMMARY

Final-year B.Tech (CSE – AI & ML) student at CBIT Proddatur (CGPA 8.0/10, graduating 2027) who builds practical AI systems end to end: local-first RAG and GenAI pipelines, explainable ML risk models, real-time computer vision and role-based backends. I start from real workflow friction, then ship something testable and explainable. GenAI Intern (DecodeLabs) and AWS DevOps Intern (ReshApp); AWS-certified (ML Engineer Associate, AI/ML Fundamentals).

SKILLS

Languages: Python · JavaScript · TypeScript · C · SQL

GenAI & ML: LangChain · RAG (ChromaDB, sentence-transformers/MiniLM, pgvector) · Ollama (Qwen2.5) · Gemini · scikit-learn · YOLOv8 · OpenCV · Fairness Auditing

Backend & Web: Flask · FastAPI · Node.js · Express · React · Tailwind CSS · HTML/CSS · Flutter · Capacitor · JWT/Bcrypt

Data & Cloud: MySQL · SQLite · MongoDB · Firebase · Supabase · AWS (EC2, S3, IAM) · Azure · Git/GitHub · Agile SDLC

EXPERIENCE

Generative AI Intern — DecodeLabs (Virtual Internship)

- Worked with LLM-based tools and applied prompt-engineering tasks; issued a Global Internship Credential.

AWS DevOps Intern — ReshApp Software Solutions Pvt. Ltd. *14 Apr 2026 – 07 Jun 2026*

- Hands-on exposure to core AWS services, Linux environments, and DevOps workflow fundamentals.

PROJECTS

IntelForm AI — Local-First GenAI Document Intelligence Platform *GitHub*

Python · Flask · LangChain · ChromaDB · MiniLM · Qwen2.5 (Ollama)

- Turns source documents into reviewed, source-cited content across 7 output formats while keeping data on the user's machine; claims are grounded in source passages, with human approval before export.

RecoverAI — Behavior-Based Delinquency Risk & Recovery Assistant *Razorpay Buildathon · GitHub*

Python · scikit-learn (Logistic Regression) · Flask · Fairness Auditing

- Trained a risk model on the UCI "Default of Credit Card Clients" dataset (30,000 accounts), achieving 0.74 AUC-ROC; ran a fairness audit across sex, education and marital status and built an explainable Flask dashboard with tiered recovery actions.

College Information Chatbot — Retrieval-Augmented (RAG) *Client delivery · GitHub*

Python · FastAPI · ChromaDB · sentence-transformers · Supabase/pgvector · Flutter

- Answers admissions and college queries from the institution's own documents, with web and mobile (Flutter) interfaces in scope.

TrafficGuard — AI Traffic Violation Detection *2nd Prize, Avinyak 2K25 & 2K26 (CBIT) · GitHub*

Python · YOLOv8 · OpenCV · React · Node.js · Express · MongoDB · Gemini · Blockchain

- Real-time CV pipeline for live camera feeds covering helmet, seatbelt and number-plate violations, with automated record generation and a blockchain-backed audit trail.

Campus Gate Pass System — Digital Entry/Exit & Approvals *Live deployment · GitHub*

Python · Flask · SQLite · Firebase · JWT/Bcrypt · QR Code

- Role-based platform (5 roles) with multi-level and bulk approvals, QR-based gate verification, entry/exit logs and admin analytics, replacing paper-heavy gate-pass workflows at CBIT; tested across roles and edge cases.

Take Care — Privacy-First Health-Record App (Android concept) *GitHub*

React · TypeScript · Capacitor · Firebase · Gemini · Tailwind

- Extracts, verifies and organises information from medical documents (OCR), with emergency-summary export and family sharing via access codes.

Smart Traffic Management System *Feb 2025 – May 2025 · 1st Place, Campus Project Expo*

Python · Maps API · Geofencing

- Real-time monitoring service processing geofenced congestion data to dynamically adjust signal timing, with a live web dashboard.

DukaanPro — Inventory & Billing System *Jun 2024 – Oct 2024 · GitHub*

Python · Flask · SQLite · JavaScript · HTML/CSS

- Full-stack Flask application handling inventory, billing and stock-tracking logic on a SQLite data layer, aimed at small local shops.

EDUCATION

B.Tech — CSE (AI & Machine Learning), CBIT, Proddatur *2023 – 2027 | CGPA: 8.0/10.0*

Intermediate (MPC) — Nalanda Junior College, Nandyal *2021 – 2023 | 85.7%*

SSC — Andhra Pradesh *2021 | 100%*

CERTIFICATIONS & AWARDS

- **AWS:** ML Engineer Associate (Dec 2025) · AI/ML Fundamentals (Nov 2025) · Cloud Foundations (AWS Academy Graduate)
- **Courses:** Reliance Foundation Skilling Academy — AI–ML Engineer Certificate · Google (Coursera) — AI Essentials, Prompting Essentials · Anthropic Academy — Claude 101, AI Fluency for Students · Accenture (FutureLearn) — Digital Skills: AI, 94% · Forage — GenAI Powered Data Analytics Job Simulation
- **Awards:** 1st Place, Campus Project Expo · 2nd Prize, Avinyak 2K25 & 2K26 (CBIT)
